Verbatim Campaign Copywriting & Hook Architecture

Brands partner with **@softframeugc.co** for copy that reads like a luxury beauty campaign while educating consumers on clinical efficacy:

> *"Two phases. One flawless result ⚖️✨ Enter a new era of high-performance skincare with the Hyphen Dual-Phase Advanced De-Pigmentation Serum. We are obsessed with this mesmerizing blend of corrective water and preventive oil phases 💧🔬. By merging powerhouse actives like 4% Tranexamic Acid and 5% Niacinamide, this water-light formula doesn't just treat existing post-inflammatory hyperpigmentation—it stops future spots at the root 🛡️✨. Shake to activate. Target. Correct. Prevent. 🌪️🎯 Decoding skin-first chemistry for the ultimate SoftFrame glow🧬🤍" — @softframeugc.co*

> *"Vitamin C without the sticky, greasy feel? Yes, please. 👀🍊 Vitamin C Brightening Moisturizer = lightweight hydration + brightening in one easy step. Stable Vitamin C, Ferulic Acid & Pentavitin, with a jelly-like texture that absorbs beautifully. 🤍" — @softframeugc.co*

Four Core Production Pillars Make Every Asset Ad-Ready

- **Clinical Ingredient Storytelling:** Translating active percentages (Tranexamic Acid, Niacinamide, Ferulic Acid, AHA/BHA) into clear, compliant consumer hooks that build instant purchase confidence.
- **AI-Enhanced Commercial Staging:** Merging tactile product handling with dreamy, studio-grade AI environments—giving D2C beauty launches high-fashion editorial polish without studio overhead.
- **Sensory Macro Choreography:** Capturing serum droppers, bi-phasic phase separation, bouncy jelly creams, and lip gloss shimmer swatches in crisp vertical 9:16 framing.
- **Multi-Hook Testing Matrix:** Delivering every campaign with multiple 3-second opening hooks so performance marketing teams can A/B test creatives across Instagram Reels and Meta Ads.
